Cumulative Subject Index

VOLUMES 1 - 11

1959 – 1969

Back issues of the JOURNAL from 1959 through 1969, very few of which are available in publication form, are now being put on microfiche. The scientific section of each issue of the Journal will be reduced to a 4 x 6 inch piece of film, referred to as microfiche. Microfiche readers are in most major libraries and may be purchased from a number of firms. The fiche of JOM back issues will be available from headquarters office of the Industrial Medical Association, 150 N. Wacker Drive, Chicago, Ill. 60606, by late January, 1971. The price for a single fiche (one issue of the JOURNAL) will be $1.50; a complete volume in fiche (all 12 issues of one year) will cost $10.00; and a complete set of the 11 volumes in fiche from 1959 through 1969 will sell for $50.00.
